“ *Mr Harper was a giant among men, When my husband passed away 9 years ago My daughter was only 6 at the time she had witnessed her father death. Mr.Harper heard and came and paid his respects at his funeral, he assured me that he would make it his mission along with the staff to help her get the support that she needed to cope with her father’s passing he held up that promise until the day of his retirement. His students weren’t just his students they were his family I thank God that we were blessed with opportunity to have known him May he sleep in peace and may God be with his family at this difficult time with much respect and blessings The Paul-Gonzalez family*

“ *I worked for Al for 8 years at the Elmont UFSD in the Business Office. Retired in 2013. It was a pleasure working for him. I found him to be very caring and considerate. I will never forget talking to him after he returned from Washington DC after Obama was sworn in as President. He was in a lot of pain and exhausted. But he made it because he was so determined. I am so sorry he will not be around to share some of his “beach” experiences with me in retirement . Rest in peace Al. Joe Guadagno*

“ *Mr. Harper in 1996 ran from his office to the football field to let my older son know I was not well. He then arranged for my son to be brought home. Mediocrity was not what he wanted for the students. He knew the students were more than capable to succeed in all areas of their lives, if they remained focused and consistent!*
