“ Dear relatives, This is Fredrik Strandberg from Sweden. I am so sorry that I have not done this before. I met Alice last time back in 1990 when I visited Alice and Beda. That time they arranged a lovely meeting with my relatives "over there". Alice and Bead were so nice and I miss so much that we did not keep in contact. I would very much find my relatives again in US. Fredrik.Strandberg@Kunskapsstrategi. se (My grandmother was Stina Albert and grandfather Allan Albert)

“ Rob Weltner posted a condolence Alice was a wonderful warm person who always brought a smile to our faces when she'd stop by the SPLASH building to "keep an eye on us" and catch up on our many projects. She was always so proud of the work she and our volunteers did and said "we would all have a straight path to heaven" which I'm sure is the path she took. We'll miss her enthusiasm and great sense of humor and how she would always make everyone just feel better about life by her presence. Oh yea, she would always ask about "my wonderful son Kevin" who did some work for her from time to time. Rest in piece our good friend and we'll take some comfort knowing you'll be keeping watch over your "SPLASH angles".
