“ Joe Chupek posted a condolence Dear Campione Family
I am sorry to hear about the loss of your father. The Campione house was a second home to me and the other members of the band and I always felt welcomed there day or night. How your dad was able to let the band practice night after night in hindsight is amazing to me. When we were older I do remember visiting your parents and paying our respects on Christmas. I hope I thanked them at the time for all they did for us. I always enjoyed the jobs your father would give us installing the x ray machines in the BIG city. Getting there with your father behind the wheel was always an adventure! The work was fun and He was always very generous in paying us!! I will miss him and always remember the great times we had in Freeport.
