“ Laura (Pawelka) Demato uploaded photo(s) Had it not been for Barbara along with Jake who, at the time was head custodian at the hospital she worked in~~~I may have never known my beautiful daughter Miriam. I was only 16 and had given my daughter up to be adopted by Jake's daughter Rochelle. That journey came full circle when Miriam contacted me at the age of 18. She knew how to find me through the bond her grandfather shared with Barbara. She was an angel on earth and I'm sure she will carry that moniker with her wherever she shall roam. I am saddened by her passing. She was a true angel in my life.

Bless you, Barbara ~~ I am forever grateful
