“ Cole Baxendale lit a candle I am so sad to hear this news, he was a amazing coach to me. He always knew how to look for the best in each player. He saw their strengths and weaknesses and helped me personally develop in to a even greater hockey player. He cared so much about his team he actually answered my dads phone call during try outs, he thought I would be a great edition to his team. I got cut from another team that year and he called telling me I have a spot if I want it. He was on a personal level with all of his players and he will always be in my thoughts and heart. Every game I play from here on out is for his memory and to show him how much he inspired me. Rest in peace to the great Chris Loche we will all miss you dearly. From Cole Baxendale and all of the Baxendale family. We thank you for all you have done for us.
