“ Peggi Ann Oswald posted a condolence Connie you took me into your family with open arms and love in your heart. You taught me many things, shared your wisdom and you shared your memories and stories of your life and your family. But most of all you shared your home and your love with me, for that I will always be grateful. Your journey was long and rough at times but you were strong for your family. Rest In Peace my dear mother in law and know I will always carry you in my heart. Love Peggi

“ Vicki Russo LiPuma posted a condolence I am so saddened on the loss of my dear cousin Connie. I will miss our telephone conversations in which she always managed to joke and kid around and make me laugh. Her work on Earth is completed, she gave so much of herself to so many. It's her time to be rewarded by the Lord. Please hug your dear Aunt Mary and Uncle Sal, and Maddy (as she spoke of them so much in conversation) for me as well as countless other Russo family members who I miss and love so much. I know that you are making everyone laugh up there. I love you cousin and always will.

“ *Denise Russo posted a condolence Dearest Aunt Connie, Thank you so much for being one of the great matriarchs of our family. I have always respected and appreciated your heart, your laughter and love for our family. You have always been willing to sacrifice all of yourself for your family. I can only aspire to be as great a woman as you. You will always be one of the brightest spots in my heart and memories over the course of my life. Thank you for your love, kindness and wisdom. Thank you for your amazing memory that never forgot a birthday, an anniversary or particular detail of our lives. You remembered it all. We always said you had a memory like an elephant- but beyond that and so much more and meaningful- you had a heart as big and bright as the sun. Until we meet again in the Presence of Our Beloved Savior- I love you. Please hug Grandma and Grandpa Russo for us and tell Uncle Frankie he better have a cake or cannoli when I get there. With gratitude and so much love. Your niece
