“ Dear family,
I met Ray and Doris in 2008. I did not know it then, but Ray and I became best of friends. Eventually, I got to know Doris and she also became a very wonderful friend in my life. Many years later in an unfortunate circumstance after I had moved down to Florida, we Doris and I had contracted a red blood disease called ITP. While we were going through the healing process, Doris and I gave each other tremendous support. I will never forget how wonderful these two Christian people were to the church to their family and to all of us as friends. As they say in the Greek culture, may Doris’s memory be eternal may raise memory be eternal may we never forget how wonderful these two people were and how much they love God and how much they helped Christ Lutheran Church in Freeport Long Island!!
