“ John Turnbull posted a condolence Hi, I'm sorry to hear the sad news, I never met Eleanor in person but many years ago we would say hello and ask how each other was on a messenger service, I used to send her an email birthday card for some years but sadly lost it a few years back. I just found her email address again and thought I would look her up only to find this sad news. She was always very pleasant and had a kind words for everyone. x

“ Frederick A. Buck posted a condolence I found out last night about Eleanor's death from my sister in North Merrick. Family was important to Eleanor, as it is to me. I remember receiving my first email from her - I had been looking for someone from her branch of our family for 20 years -- and she lived less than 5 miles from where I grew up. And I also remember the one time I was able to meet her and her mother. My heart goes out to her family.
Sincerest condolences, Fred Buck
