“ *My lovely sister, the one I loved so very much has sadly left us.*

She was the eighth member out of a family of ten. I remember at a very young age she cooking for the family and what a wonderful cook she was.

My sister emigrated to England about the Year 1958 she had a successful career in the nursing profession. Some years later she got married, and many years after that decided to emigrate to the U.S.A.

They both worked hard and secured a decent living.

I will miss my sister terribly, she would call me about once per week and I felt I could talk to her about anything, she still kept up with the phone calls after falling ill.

My sister, I will miss you terribly. My thoughts of you will be with me forever.

I am sure you are in a better place, with our heavenly Father and his son Jesus Christ.

I would like to give many thanks to her son Danny and wife Michelle for their kind devotion, care and continuous attention to this lovely sister of mine.

I will now leave with a broken heart.

I do hope we will meet again.
