“Helen Skye Grantham posted a condolence I miss my mom so much, I know it's been five years, but I wish I had been able to go to the funeral. My DHS case worker said I could and they even took me to buy a special dress for it. But, for some reason unknown to me, I was informed the day before that I was not allowed to attend, even though my case worker and his supervisor along with DHS in general had already approved of me going to my own mothers funeral. I don't know what changed, but the only conclusion I can reach is a hurtful one. That my own family didn't want me there. What else could it be when DHS already said I could and even arranged for my transportation? I still think about it every day, about how I never even got to say a proper goodbye. I miss you Momma, and I'll make sure your grandson always knows who you are.

“ Ethel Heymach (Bunny) posted a condolence Ethel Heymach (Bunny) Janet was the best audiologists I ever had. I went to her for years when she was an audiologists in New Jersey. I have not found another like her...she was so dedicated. I was sorry to read of her passing as I did a computer search. I am wondering how she did pass as I know she was still in prime of life. If anyone would care to email me and let me know...I would appreciate it. My condolences to all who knew her and loved her even though it was 2 years ago now. God bless. RIP Janet.
