“ Shannon Casafranco posted a condolence Uncle Jeff, may you rest in peace with Jeffrey Michael, Grandpa and Grandma. I have good memories of watching all of Montgomery Cliff's movies with you and Grandma in the basement of Grandma's house. You had all of them, and each night we would watch a different one until we'd watched your whole "collection." I enjoyed that so much, and thank you for sharing them. I'm so sorry Veronica, Veronica, Jeremy and Jonathan. I'm thinking of all of you.

“ Jonzguitar@yahoo.com posted a condolence I will always remember Uncle Jeff's cool stories about the Fillmore West and hearing him talk about seeing Led Zeppelin open up for Iron Butterfly as well as many other famous bands. He had a contagious laugh and was easy to talk to about things, especially for me, music. There is a picture I was given by my Mother... it was taken right after I was born of Uncle Jeff holding me in front of Grandma's old kitchen pantry door. I still have it. He will be fondly remembered and missed. My sincerest condolences to his wife Veronica and three children. May he rest in peace with his Mother, Father and Jeffrey Michael. From his nephew John Anthony II
