“ *Abraham Santiago Jr posted a symbolic gesture Dear Grandma, although the time has come that I must say goodbye to you in the physical form, you will remain with me in my heart, in spirit and in my memories forever. In life, you were very special to me and although you have moved on, nothing will change. You birthed my Father, so in a sense you gave me life so for that I thank you. Grandmother, Great Grandmother, Mother, daughter, sister and wife were just some of the titles you held in life so you made quite an impression. Small in size, yet you conquered several heart attacks, cancer, COVID-19 and just about everything else that life threw at you and for that I salute you. When I speak of you, will be referred to as a warrior, a soldier, a champion and a conqueror. I will tell people that you beat the game of life on the hardest level. With that said, I'll love you always and forever and you will never be forgotten. Until we meet again. Your Grandson, Abie Jr.*

“ Judy posted a symbolic gesture My Mom was difficult and not the friendliest person you would ever meet, but like a lioness fiercely protective of her cubs. She was loved by my Dad until his death 60 years later. Her faith in her God kept her going through many challenging times in her life. I know everyone says their mom was the best cook, but not for nothing my Mom was gifted in the kitchen. She left in her wake a strong and loving family devoted to each other as she and my Dad were. She will be missed by her family of children, grandchildren and great grandchildren.
