“ For 34 years, Kathi was an integral and beloved member of our Semitronics family. She wasn't just a colleague but a true friend to so many—always generous, kind, and ready to help.

Kathi touched my life in countless ways—from organizing work events and thoughtfully putting together holiday gifts to driving me to and from the train (with our morning convos with Lynn). Our daily car conversations, filled with what we were having for dinner, laughter about her love for leftovers and dislike of grocery shopping, how she was feeling, and all the jokes in between, are memories I will always cherish. Her dedication and selflessness were a constant source of support, and her absence leaves a deep void.

I know I will miss her greatly, as I'm sure many of you will too. At 72, Kathi's presence in our lives will never be forgotten. Her joy, laughter, and warmth touched so many, and she will be deeply missed.

This is a difficult loss for all of us, and Kathi will be missed greatly.

*With deepest sympathy,
Tara*

“ I have worked with Kathi for almost 28 Years. During that time, I looked forward to seeing her every morning seeing her at her desk with a beautiful smile. Over the years I have kidded her about how much we have in common, sometimes just for fun over a favorite color or food. I will miss her and know she is at peace now. My heartfelt condolences to all of Kathi's family. You will deeply missed. Peter Stathes

“ *I worked with Kathi from our Dayton, Ohio branch of Semtex. She was always helpful and always had kind things to say. Kathi was one of the most generous people I knew and her laugh was infectious. She will be truly missed and never forgotten. I will always consider her a friend and will miss our conversations , especially about a television show we once both loved, NCIS.*
