“ I remember Lou from when we worked together in the 1980s. He was always my go to guy for any RF question. He always took the time to explain any questions I had. At lunchtime we frequently took walks together. We probably didn't talk too much, we just enjoyed being outdoors. When we worked together in California, we enjoyed hiking in the Santa Monica Mountains. We hiked often. After Lou retired, some of the old crew would gather for lunch. I will always remember Lou.

My sincere condolences to the family. -- Phil Hoos

Thank you Phil , I missed your message . Thank you for the memories. He loved tinkering and we had the most advanced radio and Tv antennas on Long Island in the house ha! . That also sounds so much like Dad just walking in the fresh air! .
