“ Audrey posted a condolence Our Gentle Giant He is calm and collected, but there whispers that he can roar . He walked as quietly as he talked . He listened without judging and judged without favor. This giant was patient, humble , a teacher, a giver. He gave without asking too much and cared when others didn't . He says much with very little words.
But made you laugh when you are not expected to.
He says thanks a million times for that one thing that you do.
Everyone loved him, I wonder if he knew. We all knew when he was around, because he called us all by name. Yes, we will go on and on, but never ever , the same.
His name rings in the halls of tastee. A committed and dedicated team will be his legacy. He made his final walk off into the sunset.
But his giant footprints cannot be filled, will not be filled .
We all loved him, respected him, worked hard for him.
We will never forget him , for he is Mike, our gentle giant.
