“ *My dear friend, for whatever reason you are coming to my mind today. I guess because you and I always talked about being grandmothers and I have two little babies that have been born and I wish I could share it with you. We shared so much!! You helped me raise my own children, and I will never forget that. I will never forget that terrific cruise that we took the kids on. I felt so good on that cruise and we had such a good time together. I miss you still and lately for some reason you come to mind a lot. Rest in peace, dear friend. I wish I could speak with you.*
