“ I knew Patty through my friendship with her brother, John. She was always kind, funny and a wise spirit to talk to. I still think of Patty, John, Mom Virginia , Dad Bill, Brother Billy and her entire family often. Always a warm and kind environment for a friend to enjoy. God Bless you “P.” Soar with the Angels indeed.

“ Patty and I both grew up in Freeport and went to the high school together. I was aware of her in high school but she was a year ahead of me and we travelled in different social circles. It wasn't until I started working at King Kullen that we both realized our Freeport connection. I also got to know her as a warm and funny person and we often spent our breaks together reminiscing about Freeport and sharing quite a few laughs. Fly high with the angels Patty, you will always be remembered.

“ My name is Mike Polchynsky. I used to work with Patty Munda at King Kullen of Island Park 2012 to when she left in 2019. She had such a great sense of humor I would order pizza when I worked in the backroom every Thursday for my coworkers. I loved working with her bringing my dogs from my house to visit her at work. She held no limits when it came to humor she was a great friend coworker and is deeply missed.

“ My heart is broken, and there's a hole where you used to be, Patty. Patty has been a part of my life for over 50 years—not just a friend, but truly family. We've shared a lifetime of laughter and tears, the highs and the lows, always side by side. From going through child birthing classes together to her being the loving godmother to my niece Renee, our bond has always been deep and unshakable. The memories are countless, and the laughter? The kind that makes you laugh so hard you nearly pee your pants. Through it all, we've been friends forever—and forever in my heart.
