“ Rich had a congenial, friendly personality; you liked him unconditionally at first meeting. Husband, Dad & Grand Dad to a fine family, valued troubleshooter for LIPA. I am most fortunate to have known him, however briefly.

“ It has been a blessing to know the Scrivano Family. We are deeply saddened at the loss of Richie. Beth, Michael & Sarah we are so sorry for your loss. Too soon & totally unexpected. Rich, Jimmy, Marie & Rita were raised in a warm, loving, kind, Christian family. I did not know their father very well, but I adored their mother Elsie. She was very special in so many ways. She raised wonderful children. She was always willing to be there for anyone who needed her guidance. She showed by her actions & lived her life in a way that taught her children to be the wonderful people they grew up to be. They all knew how to cherish life. Rich was adored by Beth, Michael & Sarah. They had so many special events that held their bond together. Family parties & reunions that will be forever cherished memories. We only had the occasion to be with their family on several occasions but we saw them enough to know how special they were. I hope for only the best for this family. Our deepest condolences to all the family. Please God give them the grace they will need to get through this. Special hugs to Beth, Sarah , Micheal and your families.
With great love & respect.
Barbara & Peter Cangemi & our children.

“ *Richie was s kind and gentle soul - I never heard him raise his voice ever. He was a wonderful husband, father & grandfather. Our condolences to Beth & her family during this most difficult time. We were so happy we were all together this past fall to celebrate Marie’s birthday. Our sincere condolences to Marie, Jimmy & Rita as well*

“ *Rich was my trainer when I first started my job at PSEG Long Island. A trainer that was there at every step, right or wrong to push me towards the right direction. A memory I will never forget will be when we were wire watching during clean-up of a storm, singing some of our favorite jams trying to help the time pass by quicker. More than a trainer, or coworker but a great man, who always spoke highly about his family and friends Rest in peace my friend. -Dan*
