“ Tom was a good friend during our years at Carle Place High School. Many good memories. Unfortunately we lost contact when we all went off to college.

“ We were juniors in high school when we first met. I was impressed not by Tom's physical size but rather by the size of his heart. He would readily accept any challenge knowing he would not always succeed although he would most often succeed by sheer force of will. Unfortunately we went our separate ways when Tom went off to college. I have fond memories of a loyal friend with a big and generous heart.

Rest in peace buddy

“ Tom was a fixture in the Freeport Schools. He was called, "knobs". I remember having very nice conversations with him. He was a special man.

Rest In Peace knowing your suffering is over.
