“ Joyce Hurley posted a condolence I was shocked to hear about Tim. I always thought of him as a cheerful young kid, because I worked so many shows with Elmer.

“ Michael Courtenay lit a candle Tim was a kind soul. We grew up together in Freeport, went to the same elementary school and university, and shared many good memories hanging out with "the Freeport gang". Most memorable for me are our canoe expedition to the Delaware Water Gap, our camping adventure at Hither Hills during the hurricane of 1972, and the many beer-drinking sessions at the old International House of Beers. Tim also managed a couple of my rental properties while I was on overseas assignment. My condolences to the Gorry family on your loss. We've lost a good friend. Rest in peace, Tim
